**HEINZE GMBH**

# Pharmavertrieb Heinze

- On the market for more than 35 years
- Skills, expertise and know-how internally
- Our highest priority:
  - fast and reliable delivery and information of our customers
  - 24 hours a day attainable via phone, fax and email
  - delivery by our own fleet, mail and our logistic partners

# Expert advice

- Competent advice by qualified, partially multilingual, professionals
- Free product information – domestic and foreign
- Wholesale distribution authorization
- Fast and reliable sourcing of foreign products according §73,3 AMG

# International contacts

- Network of experts
- Working closely with our partners around the world
- For more than 35 years partnership with manufacturers and wholesalers for the sake of our customers
- relationships that have sometimes lasted for decades – an important foundation of trust has been established

# Search and customs

- Marketability and the availability of a particular drug? You get, a professionally competent answer immediately in most cases.
- If not, we search until we can give you an answer – incl. cost and duration of drug procurement.
- Our focus for your benefit:
  - the fastest, most cost-effective shipping options for your order
  - ensuring the safe transport: airfreight, airmail, rail express or courier services
  - also cooling goods are in safe hands

# Quality management

- All incoming drugs are checked by us for possible defects.
- DIN EN ISO 9001:2008 certification
- All related processes are carried out according to an established system of norms – so we guarantee a consistent quality of processes and services.
- Special liability insurance over € 2 million per occurrence.
